curl systems

Healthy Bounce & Shine

Organic Curl Systems is an innovative perm that is completely free of ammonia and thioglycolates. It contains Cysteamin HCL, a gentle ingredient that leaves your hair closer to its natural pH level, so it is undamaged by the perming process. Organic Curl Systems is rich in corn, soy and wheat proteins that condition your hair creating a healthy bounce and shine. It also contains Certified Organic Anthemis Nobilis Flower Extract(Chamomile) which soothes the scalp.

Organic Curl Systems is customizable for all types of hair and perms, as well as, relaxing.

- **No Ammonia**
- **No Thioglycolates**
- **Certified Organic Extracts**
- **Superb Curl Retention**
- **Natural Healthy Bounce**
- **Can Relax & Straighten Too**

Finally! A perming system that is gentle on your hair and scalp, yet gives a beautiful natural texture.

Feeling Good About Looking Beautiful

Your salon professional is dedicated to make you look beautiful. Our products help them to make you feel good about it too. Choose to avoid the toxic chemicals found in many other hair product lines which damage and jeopardize the structural integrity of your hair. Decide to say no to the unnecessary animal testing performed by many other companies. Discover the exceptional performance, superior results, and healthier alternative of the product line with Certified Organic Ingredients . Plus these products have also been certified by People for the Ethical Treatment of Animals (PETA) as cruelty-free and 100% vegan.

Here are just a few of the benefits from having your hair colored, maintained and styled with this innovative system.

- **No Harmful Fumes**
- **No Scalp Discomfort or Staining**
- **A More Pleasant Salon Experience**
- **Longer Lasting Color**
- **Excellent Grey Coverage**
- **Greater Shine & Healthier Hair**

Be sure to ask your stylist about Organic Color Systems during your appointment today and about what products are most suited to your hair care and styling needs.

You will enjoy how rewarding it is to truly feel good about looking beautiful.

organic color systems™

Why Ammonia Free Matters

With Organic Color Systems you no longer have to suffer while getting your hair colored! Gone are the noxious fumes, stinging scalp, watery eyes and the damage ammonia causes to your hair. Organic Color Systems is the proven ammonia free, high performance range of long-lasting, permanent hair color. It contains certified organic extracts and natural ingredients that maintain your hair's essential moisture and protein levels, so your hair is not damaged by the coloring process. In fact, with this color your hair will be healthier, shinier, and more natural looking than ever before.

organic care systems™

The Perfect Complement

The **Organic Care Systems** range is the perfect complement to your new color service. Bring them home with you to maintain healthy hair and protect your color between salon visits.

Organic Care Systems is designed for specific hair types and consists of pH balanced shampoos, conditioners and reconstructing treatments. This line is even powerful enough to repair hair previously damaged by harsh chemical services.

Aqua Boost gives nourishment to dry, coarse hair.
Power Build adds strength & volume to fine hair.
Status Quo is for normal hair & ideal for daily use.
Soothe Plus calms sensitive or irritated scalps.

This range is made with the best natural & certified organic ingredients. It contains no parabens, no sulfates & no animal products.

Please consult your stylist to build your very own at-home Organic Care Systems regimen for daily use.

organic control systems™

Specialty Care & Styling

Organic Control Systems is a line of **100% plastic free styling products** that allows your hair to move freely, yet still maintain its style. You'll love that your hair is not left crunchy or brittle! Suitable for all hair types, these products can be mixed together for your own unique styling needs.

Spray Gloss adds shine without extra weight.
Gloss Serum is fantastic for curls & shine.
Volume Mousse is a favorite for adding body.
Glaze is a lightweight gel with medium hold.
Spray Gel offers strong hold with volume.

Organic Connect is a special range of natural products designed to address certain hair care and styling situations.

Silver Shampoo is great for blondes, or grey hair to remove unwanted yellow tones. **Thermal 2 Twenty** provides extreme heat protection from styling. **Hydrate Leave-In Conditioner** will leave your hair silky soft with a deep natural shine. **Finale Hairspray** gives your hair shine, holds the style & still allows for natural movement.
